PROJECTS

Tourism Management System

The Tourism Management System (TMS) is a software solution designed to streamline travel and tourism operations. It automates tasks like booking management, customer relationship management (CRM), and financial accounting. By enhancing workflow efficiency and providing real time data, a TMS improves customer service and profitability, making it essential for modern travel businesses.

Whether App

The Weather App provides users with real-time weather updates and forecasts. It delivers essential information such as temperature, humidity, wind speed, and precipitation, along with severe weather alerts. Designed for convenience, the app helps users plan their daily activities and stay informed about changing weather conditions, ensuring safety and preparedness.

Quiz App

The Quiz App is an interactive platform designed to create, administer, and take quizzes. It offers a wide range of question formats, such as multiple choice, true/false, and short answer, making it suitable for educational purposes, trivia games, and skill assessments. Users can track their progress, view detailed results, and improve their knowledge in a fun and engaging way. The app's user friendly interface and customizable features make it a valuable tool for both learning and entertainment.

To Do List

The To Do List App is a simple productivity tool that helps users create and manage lists of tasks. It allows users to add, edit, and check off items as they are completed, providing an organized way to keep track of daily activities and goals. The app's straightforward design ensures ease of use, making it ideal for maintaining personal and professional task lists.

Portfolio Website

The Portfolio Website is a personal online platform showcasing an individual's work, skills, and achievements. It serves as a digital resume, featuring projects, case studies, and professional experiences in a visually appealing format. Ideal for creatives, freelancers, and professionals, a portfolio website enhances one's online presence, helping to attract potential clients, employers, and collaborators. It reflects the individual's brand and provides a comprehensive view of their capabilities and expertise.

Experience

2022 - 2023
Regional Development Bank l Kurunegala Road Thalawa

School Leaver Trainee

As a six month trainee at Regional Development Bank, I gained valuable experience in the financial sector, particularly in areas such as customer service, loan processing, and account management. During my tenure, I developed a strong understanding of banking operations and enhanced my skills in financial analysis and client relationship management. This opportunity allowed me to work closely with seasoned professionals, participate in various training programs, and contribute to projects aimed at improving regional economic development. My time at the bank was instrumental in shaping my career aspirations and provided me with a solid foundation for future growth in the finance industry.
